Experience the Passion of Nations, Discover the Wonders of Diverse Cultures!

Concordia Lutheran School - North Point has long been committed to promoting multicultural exchange and fostering a caring and inclusive international environment on campus. This year's vibrant and creative NCS Fiesta not only showcased the remarkable achievements of non-Chinese speaking (NCS) students but also deepened intercultural understanding and inclusivity within the school community.

Student-Led, Teacher-Supported Festivities

The "NCS Fiesta" was thoughtfully planned by a committee of NCS students and teachers, fully demonstrating students' leadership and creativity. From planning to execution, students showed high levels of engagement and responsibility. As a key component of co-curricular learning, the event centered on "intercultural awareness" and "inclusion," allowing students to immerse themselves in global cultures and helping to create a more harmonious and inclusive campus.

A Diverse Lineup of Highlights

The event featured a wide range of exciting activities. In the speech competition, students confidently showcased their language talents and shared personal stories and dreams that moved the audience. The subsequent award ceremony recognized outstanding student achievements in academics, character, and community involvement.

During the cultural parade and performances, students from ten different countries wore traditional attire and presented dazzling shows such as a Chinese dragon dance and multicultural singing. The atmosphere was lively and festive. Students also designed and hosted engaging cultural booths, introducing experiences such as Nepalese attire and dance, the Filipino game Tumbang Preso, Thai traditional toys, Pakistani board games, Chinese panda ink painting, and Indian Henna art, fully expressing the richness of global cultures.

A Global Culinary Journey: Home-School Collaboration in Full Bloom

The event also featured international food stalls, where parents prepared and served authentic homemade dishes filled with warmth and care. The air was filled with delicious aromas as visitors sampled food from around the world, including Thai rice cakes and desserts, Chinese Pu' er tea, Filipino fried bananas and sticky rice treats, and Nepali Selroti and Chitni. Students not only enjoyed the flavors but also engaged with peers in traditional dress, gaining deeper insights into different cultures and lifestyles—strengthening mutual understanding and respect.

A Unified Celebration of Success

The celebration concluded successfully, earning praise from students, parents, and guests. Everyone enjoyed and learned from the event, gaining a deeper appreciation for cultural diversity. Through NCS Fiesta 2025, we all witnessed the power of culture and the value of diversity and inclusivity.

We sincerely thank every participant for their support and contributions, which made this event a memorable shared experience. Looking ahead, we will continue to promote cultural exchange and nurture future citizens with strong intercultural competencies—fulfilling our vision of a caring and inclusive international school environment.
